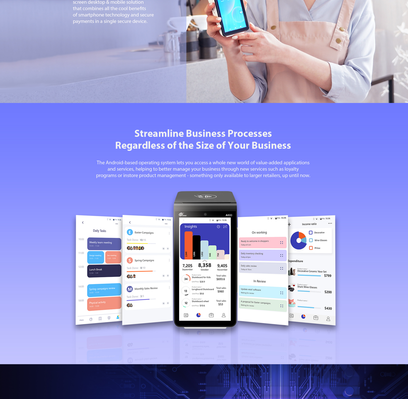
PAX A800

Android Desktop & Mobile Combo



Modern, Stylish and Space-saving

The A800 is a fashionable touch-screen desktop & mobile solution that combines all the cool benefits of smartphone technology and secure payments in a single secure device.

Streamline Business Processes Regardless of the Size of Your Business

The Android-based operating system lets you access a whole new world of value-added applications and services, helping to better manage your business through new services such as loyalty programs or instore product management - something only available to larger retailers, up until now.

Superior Performance

PayDroid OS transforms how payment service providers do businesses, providing a platform for a richer customer & merchant experience.

- ARM Quad-core Cortex-A53
- PayDroid 10.0
- 8GB eMMC 1GB DDR

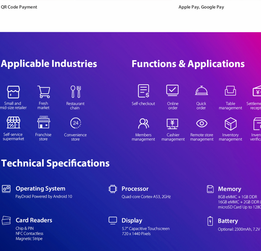
Integrated Dual Cameras

High-quality cameras enable the A800 to scan & process barcodes and QR codes faster than ever.

Advanced Connectivity

A800 offers multiple communication options, ensuring non-stop operational connectivity.

Wi-Fi* 5GHz · 4G · Bluetooth® 5.0 · Ethernet



Reliable Battery

Robust battery technology provides for excellent power management and longer standby times. Optional mini-charging dock supports frequently on-off cable to charge the device.

7.2V 2300mAh

Extended Hub Functionality

The optional A800 Hub allows merchants to connect to the Internet via Ethernet & add up to three USB accessories such as EPOS system, cash drawer, barcode scanner, physical PINpad, etc.

Today's Merchant Solution for Tomorrow's Payments

Never lose a customer. Transact securely. Process business faster.

NFC Contactless · EMV Chip · Magnetic Stripe
